Sales under premium brands

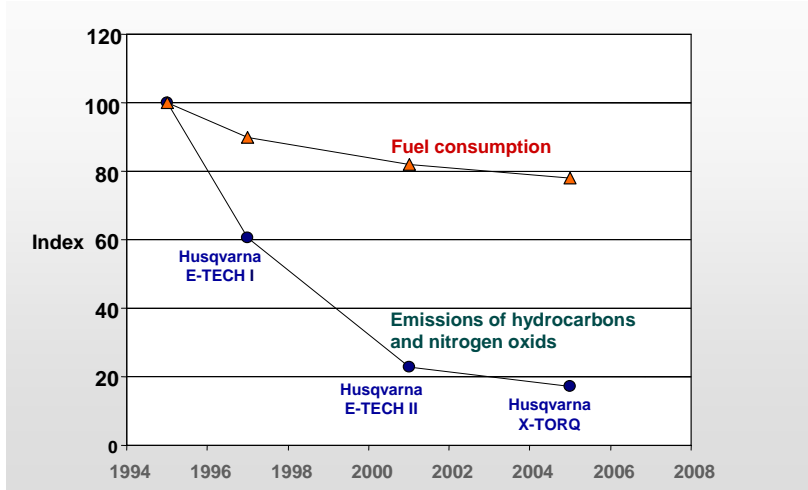

**More power for you.
Less impact on
the environment.**

Husqvarna X-TORQ[®], our patented engine technology, is the result of years of extensive research. X-TORQ[®] engines are designed to produce maximum power, even at lower rpm's. All X-TORQ[®] products fulfill the most stringent environmental regulations, with up to 20% less fuel consumption and up to 60% less emissions. "Master The Great Outdoors" with Husqvarna and our unique engine technology!

To learn more about X-TORQ, visit husqvarna.com

EXCLUSIVE X-TORQ[®] TECHNOLOGY
More Power. More Efficiency. Less Fuel. Less Emissions.

Husqvarna's new 2-stroke engines

X-TORQ. You put in less fuel. You put out lower emissions. You gain more power.

None has a leaner line so easy to carry. Weighing in at a modest 9.2 kg, the 55 X still packs a 53 cc engine and a hefty max. power of 2.6 kW. Couple this with low vibrations and easy handling, and the result is a tool that's ideal for the toughest commercial brush-cutting jobs. And thanks to our X-TORQ technology (saving fuel consumption and emissions) it's good for your bottom line too. Husqvarna - trusted tools for professionals.

X-TORQ®
