Factors affecting forward-looking statements

This presentation contains forward-looking statements in the sense referred to in the US Private Securities Litigation Reform Act of 1995. Such statements comprise, among other things, financial goals, goals of future business and financial plans. These statements are based upon present expectations and are subject to risks and uncertainties that may give rise to major deviations of the result due to several aspects. These aspects include, among other things: consumer demand and market conditions in the geographical areas and lines of business in which Husqvarna operates, the effects of currency fluctuations, downward pressure on prices due to competition, a material reduction of sales by important distributors, any success in developing new products and in marketing, outcome of any product responsibility litigation, progress when it comes to reach the goals set for productivity and efficient use of capital, successful identification of growth opportunities and acquisition objects, and to integrate these into the existing business and successful achievement of goals to make the supply chain more efficient.
