

Corporate Governance Report

As required by the Swedish Annual Accounts Act and the Swedish Corporate Governance Code (Swedish Code), this Corporate Governance Report describes the organizational bodies, rules and other governance structures by which Husqvarna Group is controlled and operated. The Group's external auditors have reviewed this report and their opinion has been included in the Auditor's Report.

Good corporate governance is a fundamental prerequisite not only to meet our obligations as a public company, but also to create value for shareholders in an efficient, responsible and sustainable manner. Husqvarna Group's corporate governance structures are defined in part by external laws (e.g., the Swedish Companies Act), in part by self-regulatory standards (e.g., the Swedish Code and the Nasdaq Nordic Main Market Rulebook for Issuers of Shares) and in part by internal rules (e.g., the Company's Articles of Association, Code of Conduct and Group policies). While not mandatory, Husqvarna Group has elected to comply with all aspects of the Swedish Code without exception.

Husqvarna Group has no deviations from the Swedish Code to report for the 2021 financial year. Nor has Husqvarna Group been subject to any rulings by Nasdaq Stockholm's Disciplinary Committee or decisions on breaches of sound practices in the stock market by the Swedish Securities Council. For more information, go to: www.husqvarnagroup.com.

The highest corporate decision-making body in Husqvarna AB (Company) is the Shareholders' General Meeting, which is normally held once per year in the form of the Annual General Meeting (AGM), but can also be in the form of an Extraordinary General Meeting under certain circumstances. The 2022 AGM will take place on Thursday, April 7, 2022. The Company prepares the AGM agenda with input from its shareholders, who have the right to propose matters for consideration at the AGM.

Shareholders

The Company's shares have been traded on Nasdaq Stockholm since June 2006. At year-end 2021, the share capital amounted to SEK 1,153m, represented by 111,088,990 A-shares and 465,254,788 B-shares, each with a par value of SEK 2. Each A-share carries one vote and each B-share carries one tenth of a vote. As per the Articles of Association, holders of A-shares are entitled to request conversion of A-shares into B-shares on a 1:1 basis. During 2021, 601,470 A-shares were converted to an equivalent number of B-shares.

As of December 31, 2021, the number of shareholders was 74,210, of which foreign shareholders held approximately 41.8% of the outstanding share capital. Investor AB was the single largest shareholder with a holding of 16.8% of the share capital and 33.2% of the votes. L E Lundbergföretagen AB was the second largest shareholder with a holding of 7.6% of the capital and 25.3% of the votes. For further information on the Company's shares and shareholders, see section "The share", on page 120.

Nomination Committee

In accordance with the Swedish Code, the Company is required to have a Nomination Committee, the primary responsibilities of which are to consider and submit to the AGM proposals and recommendations regarding:

- The Chair of the AGM;
- The number of Board members;
- The nominees for election to the Board;

- The Chair of the Board;
- Remuneration to Board members, including the Chair and remuneration for Board members' work on Board committees;
- Selection of external auditors (when applicable);
- Remuneration to external auditors; and
- Changes to the process regarding the composition and tasks of the Nomination Committee (if applicable).

The AGM determines the process for establishing the Nomination Committee and its members. At the Company's 2013 AGM, it was resolved that the following process would apply until a subsequent AGM resolves otherwise:

- The Company shall have a Nomination Committee consisting of five members;
- The members shall consist of one representative of each of the four largest shareholders in the Company in terms of voting rights held as of the last banking day of August each year, with the fifth member being the Chair of the Board; and
- In the event that any of the four largest shareholders elect not to nominate a representative to the Nomination Committee, the right to appoint such a representative passes to the fifth largest shareholder and so on.

These rules established at the 2013 AGM have not been changed by any subsequent AGM and therefore continue to apply.

The formation of the Nomination Committee for the 2022 AGM was announced on September 13, 2021. The members of the Nomination Committee (and corresponding appointing shareholders) for the 2022 AGM are:

| Member | Appointing shareholder |
|----------------------------|--------------------------|
| Petra Hedengran (Chair) | Investor AB |
| Claes Boustedt | L E Lundbergföretagen AB |
| Fredrik Ahlin | If Skadeförsäkring AB |
| Henrik Didner | Didner & Gerge Fonder AB |
| Tom Johnstone ¹ | — |

¹ Chair of the Board of the Company.

The determination of the four largest shareholders for purposes of nominating representatives to the Nomination Committee was based on known holdings of voting rights as of August 31, 2021. Nomination Committee members do not receive compensation from the Company for their work on the Nomination Committee.

As noted above, one of the chief duties of the Nomination Committee is to make recommendations regarding the size and composition of the Board. Normally, the starting point for such recommendations is a survey conducted each year by the Chair of the Board to assess the Board's work, composition, qualifications, experience and efficiency. Such survey consists of an online anonymized questionnaire, interviews with individual Board members, and a discussion held with the full Board. The results of this survey are shared and discussed with the Nomination Committee.

Based on survey results, the Nomination Committee determines whether the existing Board should be strengthened with additional expertise or if there are any other reasons to make changes to the composition of the Board. In making such determinations and (if applicable) evaluating potential new candidates for the Board, the Nomination Committee takes into consideration the objective to achieve a gender balance in the Board.

The Nomination Committee has applied rule 4.1 of the Swedish Code as its diversity policy. In addition, the Nomination Committee takes into consideration the need to ensure that the independence requirements of the Swedish Code are met. These requirements stipulate that at least the majority of Board members must be independent from the Company and

its management and that at least two (from such majority) are also independent of the Company's largest shareholders. The Nomination Committee also takes into account any proposals made to the Nomination Committee about the composition of the Board that may have been suggested by other shareholders. Shareholders who wish to submit proposals to the Nomination Committee may do so by sending an email to nominationcommittee@husqvarnagroup.com. While there is no formal deadline for proposals, it was recommended in the September 13, 2021 notice of the formation of the Nomination Committee that such proposals from shareholders be received by the Company no later than February 7, 2022.

For the 2022 AGM, the Nomination Committee announced its required proposals along with the notice of the AGM, which was published on the Company's website on March 4, 2022. The Nomination Committee will present and elaborate on its work and proposals at the 2022 AGM.

The Annual General Meeting

General

In accordance with the Swedish Companies Act, the AGM of the Company must be convened annually on a date not later than six months after the close of the preceding financial year and is normally held in March or April.

According to the Company's Articles of Association, the AGM must always be held in Jönköping or Stockholm, Sweden. The Articles of Association permit the Board to allow the shareholders to participate in the AGM also over the internet. The Board may also allow voting by mail.

Shareholders who are individuals may attend the AGM in person or by proxy. Those Shareholders attending the meeting by proxy, including all corporate shareholders, must submit a valid power of attorney as well as other required documentation in due time before the AGM. This, together with information provided by Euroclear Sweden AB, allows the Company to compile a book of shareholders eligible to vote at the AGM. Following this compilation, voting certificates are sent to all shareholders attending the meeting, or their designated representatives. Voting certificates are proof of voting rights and also serve as an entrance card to the AGM.

The notice of the AGM (specifying its date, location, agenda, etc.) shall be made public at least four weeks and not

more than six weeks prior to the AGM. The notice is published in the Swedish daily newspaper Svenska Dagbladet and in the Swedish Official Gazette (*Post- och Inrikes Tidningar*). The notice is also announced in a press release and on the Company's website at www.husqvarnagroup.com.

The 2022 AGM

The 2022 AGM of Husqvarna AB will be held on April 7, 2022. For more information regarding the 2022 AGM, see section "Annual General Meeting 2022".

The Board of Directors

According to the Company's Articles of Association, the Board shall be comprised of no less than five and no more than ten elected Board members. The Articles of Association do not contain any specific provisions concerning the appointment and dismissal of directors (or the method by which the Articles of Association may be amended), meaning that the rules otherwise stated in the Swedish Companies Act apply. There are currently eight Board members elected by the AGM (see section "Board of Directors and auditors"). In addition to the Board members elected by the AGM, Swedish trade unions have the statutory right to appoint two ordinary Board members with voting rights, as well as two deputies for such Board members.

In accordance with the Swedish Code, the principle tasks of the Board include:

- Appointing, evaluating and, if necessary, dismissing the CEO;
- Establishing the overall goals and strategy of the Company;
- Identifying how sustainability issues impact risks to and business opportunities for the Company;
- Defining appropriate guidelines to govern the Company's conduct in society, with the aim of ensuring its long-term value-creation capability;
- Ensuring that there is an appropriate system for follow-up and control of the Company's operations and the risks to the Company that are associated with its operations;
- Ensuring that there is a satisfactory process for monitoring the Company's compliance with laws and other regulations relevant to the Company's operations, as well as the application of internal guidelines; and
- Ensuring that the Company's external communications are characterized by openness, and that they are accurate, reliable and relevant.

The Board has adopted the Board's Rules of Procedure for its internal activities, which include rules regarding the number of Board meetings, matters to be handled at regular Board meetings and the duties of the Chair of the Board. These Rules of Procedure are updated and adopted by the Board each year at the "Statutory Board Meeting" which is normally held immediately after the AGM. The Chair shall also ensure that

the Board evaluates the CEO on a regular basis, at least once a year, where the CEO is not present.

The Board has also issued written instructions specifying when and how information required to enable the Board to evaluate the Company's and the Group's financial position shall be reported to the Board, as well as the distribution of duties between the Board and the CEO. The Board has established an Audit Committee and a People & Sustainability Committee, which are responsible for certain monitoring and oversight responsibilities on behalf of the Board, as more fully described below.

The Chair of the Board ensures that the Board's work and procedures are evaluated and discussed with Board members annually, and are brought to the attention of the Nomination Committee with the aim of developing the Board's working methods and efficiency. In 2021, such evaluation was conducted via an online anonymized questionnaire, together with individual interviews conducted by the Chair with each Board member. The results of such evaluation were presented to, and discussed with, the Nomination Committee as well as to the full Board. The Board members elected by the 2021 AGM fulfil the independence criteria set out by the Swedish Code, which require that a majority of the members of the Board be independent of the Company and its management, and that at least two of these be independent as to the Company's largest shareholders.

Fees to Board Members

Fees to Board members, including fees for committee work, are set by the shareholders at the AGM. For information on fees to the Board in 2021, see note 4.

Board Meetings

According to the Board's Rules of Procedure, the Board shall hold at least four ordinary meetings and one statutory meeting per calendar year. In 2021, the Board held eleven meetings, of which nine were by video conference, one was held in Stockholm, Sweden and one was per capsulam (i.e. by unanimous written consent).

At Board meetings, the Company's CFO and General Counsel are also present. The General Counsel serves as the Board's secretary and records the minutes of the Board meetings.

Other members of Group Management or other senior managers of the Company may also be asked to attend and report on significant matters.

When relevant, and at least quarterly, Group Management presents forecasts and key performance indicators, providing the Board with an overview of the financial development and expectations of the Company. The Company's budget is reviewed and approved once a year, generally in the fall. The Board also reviews the Company's significant litigation matters, follows up on the Company's compliance and risk management work, and monitors the Company's progress regarding its sustainability agenda. The Board maintains an active oversight role in the Group's Enterprise Risk Management program, as more fully described in the "Risk Management" section of this Annual Report. In addition, the Company's external auditors meet with the Board once a year, without participation of any member of Group Management.

The Audit Committee

In accordance with the Swedish Companies Act, the Board annually appoints an Audit Committee whose primary responsibilities are to (a) monitor the Company's financial reporting, (b) oversee the effectiveness of the Companies internal control, internal audit, and risk management functions as they relate to financial reporting, (c) review and supervise the Company's external auditors' impartiality and independence, and (d) when applicable, assist in the preparation of proposals for the AGM's election of auditors. The Audit Committee may also exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time. The Board has adopted a charter for the Audit Committee, which is periodically updated and approved by the Board.

The Board determines the composition of the Audit Committee, which shall have at least two members, none of whom may be employed by the Company, and a majority of whom shall be independent in relation to the Company and its executive management. At least one of the members who is independent in relation to the Company and its executive management shall also be independent in relation to the Company's major shareholders. At least one of the members of the Audit Committee must have auditing or accounting competence. The Board appoints the Committee members annually

at the Statutory Board Meeting or when a Committee member needs to be replaced.

The Audit Committee members appointed in April 2021 were Ingrid Bonde (Chair), Daniel Nodhäll and Katarina Martinson. Audit Committee meetings are also attended by the Company's internal auditor, the General Counsel, who keeps the minutes of the meetings, the Company's CFO, and the external auditors. Other members of Group Management are invited periodically to report on specific matters, as relevant. The Audit Committee regularly reports on its findings and recommendations to the full Board.

In 2021, the Audit Committee held five meetings, which fulfills its own charter rule that it shall meet at least four times per year. The Audit Committee meetings follow an adopted agenda plan, which includes a review of open issues, a treasury and tax update, and an internal audit update. The Audit Committee also reviews the Company's Interim Reports and the Boards' Report before they are submitted to the Board. The Committee meets frequently with the Company's external auditors who deliver reports on the audit. It also reviews the Company's compliance work and litigation activities on a quarterly basis.

The People & Sustainability Committee

The responsibilities of the People & Sustainability Committee (Committee) are to oversee:

- (a) management remuneration and talent management, and
- (b) the Company's Sustainability efforts.

This Committee is intended to be and act as the Company's "remuneration committee", within the meaning of the Swedish Code. The Committee shall consist of as many members as the Board determines, but no fewer than three members. The Board shall appoint the Committee members annually at the Statutory Board Meeting or when a Committee member needs to be replaced. Each Committee member shall satisfy applicable independence and other requirements of law and other regulations applicable to the Company from time to time. The Board shall appoint the Committee's Chair. The Committee's Secretary shall be the Company's Senior Vice President People & Organization.

The Committee's Chair, in consultation with the Committee members, shall determine the schedule and frequency of the

Committee meetings, provided that the Committee shall meet at least twice per calendar year. The Committee may, at its discretion, include in its meetings members of the Company's management (normally the CEO), the Company's external or internal auditors, any other personnel employed or retained by the Company or any other person whose presence the Committee believes to be necessary or appropriate. Notwithstanding the foregoing, the CEO or any other member of Group Management may not be present during voting or deliberations concerning his or her compensation or assessment. The Committee shall report to the full Board of the Company after each of its meetings and as otherwise requested by the Chair of the Board and shall make available to the Board the minutes of its meetings.

With respect to remuneration to the Group Management and the Company's talent management, the Committee is assigned to perform the following general tasks:

- Preparing the Board's decisions on principles for remuneration and other terms of employment for the CEO and for other members of Group Management, including such remuneration guidelines and remuneration reports as are required by applicable law (including the EU's Shareholders Rights Directive);

- Monitoring and evaluating programs for variable remuneration, both ongoing and those that have ended during the year, for Group Management;
- Monitoring and evaluating the application of the principles for remuneration that the AGM is legally obliged to establish as well as the current remuneration structures and levels in the Company; and
- Evaluating future talents for Group Management positions and monitoring succession planning.

With respect to sustainability, the Committee is assigned to perform the following general tasks:

- Periodically reviewing the Group's overall efforts within the field of sustainability, including without limitation, approving (or recommending to the full Board for approval) any sustainability related targets or changes to existing targets;
- Actively tracking progress towards the Group's previously established sustainability targets;
- Reviewing and commenting on the Group's annual "Sustainable Progress Report" prior to submission to the full Board for approval; and

- Otherwise monitoring the Group's overall sustainability efforts, including a review of any material information in the press that may have a positive or negative impact on the public perception of the Group's commitment to sustainability.

The above tasks shall be supported by the Group's Head of Sustainability, who shall normally report to the Committee (or the full Board) at least twice per year. The Committee members appointed in April 2021 were Lars Pettersson (Chair), Tom Johnstone and Bertrand Neuschwander. For more information on remuneration to Group Management, see note 4.

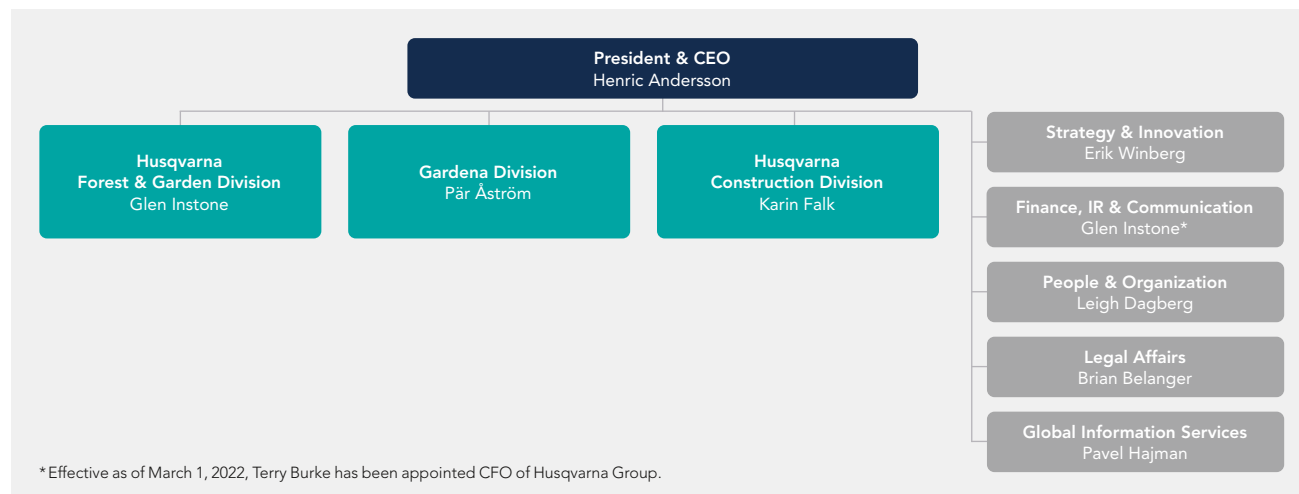

In 2021, the Committee held three meetings, which fulfills the charter criteria that it shall meet at least twice a year.

External Auditors

At the 2021 AGM, in accordance with the proposal of the Nomination Committee, KPMG AB was elected as auditor for the period from the 2021 AGM up until the end of the 2022 AGM. The Auditor-in-Charge is Joakim Thilstedt.

As per the resolutions passed at the 2021 AGM, the auditor's fee until the 2022 AGM shall be paid on the basis of approved invoices. For more information, see note 8.

Clear roles and responsibilities apply for each of the Group functions as well as for the divisions. A Group governance structure has been implemented to ensure that decisions are made as close to operations as possible. Clear guidance has been provided to identify the level on which different types of decisions should be made. Changes to the governance structure (including applicable roles and responsibilities) can only be made by the decision of Group Management.

The CEO

The CEO is appointed by the Board and is responsible for the ongoing management of the Company in accordance with the Board's guidelines and instructions. These instructions include responsibility for financial reporting, preparation of information for decisions and ensuring that commitments, agreements and other legal documents comply with applicable laws and the Groups Code of Conduct. The CEO also ensures compliance with the goals, policies and strategic plans approved by the Board and updates the Board on the same when necessary. The CEO appoints all members of Group Management, with input from the Board Chair.

The Divisional Presidents

Each of the three divisions has its own President, who in turn reports to the Group CEO. Each divisional President is responsible for the operational income statement and balance sheet for his/her respective division. However, all decisions made by a division are subject to the Group's overall strategic goals and policies. For more information about Husqvarna Group's divisions, see the section "Divisions".

The Group Function heads

Group Management includes the heads of the five "Group Functions" as described below. These functions are designed to support the divisions with forward-looking initiatives, to continue to capture certain Group synergies where appropriate and otherwise to discharge the corporate governance, compliance and oversight functions required of a listed company.

1. **Strategy & Innovation.** This function, which has been headed by Erik Winberg since October 18, 2021, combines the majority of activities previously held by the former Business Development function as well as certain functions of the former Technology Office (as described in the 2020 Annual Report). It also houses the Group's sustainability efforts to ensure that sustainability is closely incorporated into the Company's overall Group Strategy. The function has several areas of activity/responsibility, including Group-level Business Development, Technology & Innovation, Brand & Licensing, Sustainability, M&A and venture-capital investments.
2. **Global Information Services (IT).** This function, which is headed by Pavel Hajman, is primarily responsible for overseeing the Group's Digital & IT strategy, systems & infrastructure and operational support. It provides Digital & IT services and solutions including IT security and also supports and collaborates with the Digital Development personnel in the divisions. The function's organization comprises three delivery-focused groups aligned with the three divisions, with Digital Business Transformation, and with three governing groups, each with a designated focus area, in Enterprise Architecture, Infrastructure & Security and Common Systems & PMO.

3. **Finance, IR & Communication.** This function, which is headed by the Group's CFO, Terry Burke (as from March 1, 2022), has primary responsibility for the Group's financial controlling and reporting. It also coordinates and collaborates with finance personnel working within the divisions. The function's organization consists of a number of sub-groups including (a) Business Control, (b) Group Accounting, (c) Tax, (d) Treasury, (e) Internal Control, (f) Global Business Solutions and (g) Real Estate. It also includes the Group's Investor Relations and Corporate Communication functions. The Internal Audit function sits within the Finance, IR & Communication function from an organizational (Human Resources) point of view, but reports directly to the Audit Committee of the Board in terms of functional oversight.
4. **People & Organization (HR).** This function, which is headed by Leigh Dagberg, has primary responsibility for overseeing the Group's HR initiatives within compensation & benefits, international assignments, talent attraction and acquisition, talent management, learning and development and HRIS (people management systems and data). The function is also responsible for providing Group coordination and oversight regarding Employee Health and Safety (EHS). The People & Organization function coordinates on a dotted-line basis with HR personnel located within the divisions.

It also includes the Group's (a) Risk Management, (b) Compliance & Integrity and (c) Product Compliance & Safety sub-functions. Together with Group Finance, Group Legal also plays a leading role in maintaining appropriate Group Governance structures and policies, as well as ensuring compliance with applicable stock exchange rules.

Please refer to the “Risk Management” section of this Annual Report for a description of (a) the Board’s oversight of climate-related risks and opportunities, and (b) Group Management’s role in assessing and managing risks and opportunities, as contemplated by the recommendations of the Task Force on Climate-Related Financial Disclosures (TCFD).

Internal Control Over Financial Reporting

The Company's Board has overall responsibility for establishing an effective internal control system according to the Swedish Companies Act, Annual Accounts Act and the Swedish Code. The purpose of this section of the Report is to provide shareholders and other interested parties with an understanding of how internal control is organized within Husqvarna Group. It is limited to internal control over financial reporting.

This description of the Group's internal control activities is based on the COSO framework (The Committee of Sponsoring Organizations of the Treadway Commission). The COSO framework comprises five key components that jointly facilitate achieving the objective of reliable financial reporting.

Control environment

The foundation of good internal control is a framework of governing documents such as policies, instructions, guidelines and manuals that are embedded in the organization's vision and strategy. The Husqvarna Group Code of Conduct sets the importance of integrity and ethical values governing interactions with employees, business partners and other stakeholders. The Group's governance policies provide the framework that defines the organizational structure, responsibilities and authorities. The Board is ultimately responsible for establishing an effective internal control system, including that the Company has procedures to ensure that (i) approved policies for financial reporting and internal controls are applied, (ii) the Company's financial reports are produced in accordance with applicable legislation, accounting standards and other requirements for listed companies, and (iii) there is an appropriate system for follow-up and control of the Company's financial reporting. The Board has established Rules of Procedure and clear instructions for its work, which also cover the activities of the Audit Committee. The overall duty of the Audit Committee is to support the Board's supervision of the audit and reporting processes and to ensure the quality of such processes. The activities of the Audit Committee during the year are described on page 55.

Responsibility for maintaining an effective control environment as well as the ongoing work on risk management

and internal control over financial reporting is delegated to the CEO by the Board. This responsibility, in turn, is further delegated to Group Management, which sets the tone for influencing control awareness across the Group. Responsibility and authority are defined in instructions to the CEO, as well as within various internal policies, instructions and guidelines.

Risk assessment

Risks relating to financial reporting are evaluated and monitored by the Board through the Audit Committee. An assessment of financial reporting risks is conducted annually. The purpose of the risk assessment is to identify risks that could result in a material misstatement in financial reporting and to direct internal control activities to manage such risks in a proactive manner.

Control activities

Control activities are integrated in processes for accounting and financial reporting. The prerequisite is to ensure that reliable financial reporting from all entities uses uniform accounting principles that are stipulated in the Husqvarna Accounting Manual. For key financial processes, the Group has established Minimum Internal Control Requirements (MICR) for its reporting units to enhance Husqvarna Group's internal controls. Husqvarna Group has a dedicated Internal Control function. The objective of Group Internal Control is to provide support for Group Management and the management of the divisions, enabling them to continuously improve internal control relating to financial reporting. The Audit Committee is regularly informed of the results of the work performed by the Internal Control function.

Information and communication

Husqvarna Group maintains its Group policies and other governance documents in a central document management system open to all employees. The governing documents relating to financial reporting such as Group policies and the Husqvarna Accounting Manual are subject to regular reviews and updates. Changes in accounting procedures are

communicated and explained in newsletters from the Group's accounting function. Furthermore, to ensure the correct implementation of such changes, the Group has established internal networks with participation from key stakeholders in the area of financial reporting.

Monitoring activities

Ongoing responsibility for monitoring and follow-up of financial reporting is performed by the Group Finance function. Country Officers are appointed by Husqvarna Group in each country where the Group has at least one active subsidiary. The duties of Country Officers include safeguarding the interests of shareholders as well as ensuring compliance with laws and regulations. Country Officers' responsibilities also include ensuring that the entities' internal controls and financial reporting comply with Group policies, instructions and guidelines.

Group Management performs monthly reviews of the results for the Group and the divisions, as well as updated forecasts, strategic plans and ongoing business activities. Identified internal control deficiencies are communicated in a timely manner to operational management responsible for taking corrective action and to the Board, as appropriate. Considerations made in the quarterly closings are reported to the Audit Committee before the financial reports are presented to the financial market.

The Group Internal Audit function supports the development and improvement of internal control over financial reporting. Group Internal Audit was established by the Board as part of its monitoring role, and the Board has directed that the Internal Audit function should have a solid reporting line, in the first instance, to the Audit Committee. An annual internal audit plan based on an independent risk assessment is approved by the Board after an initial review by the Audit Committee. Based on this audit plan, Group Internal Audit performs independent and objective audits to evaluate and improve the effectiveness of Husqvarna Group's governance, risk management and internal control processes.
