Husqvarna Group publishes Annual Report 2022

Husqvarna Group is today publishing its Annual Report for 2022 on www.husqvarnagroup.com.

In 2022, Husqvarna Group's transformational journey continued, despite significant supply chain challenges as well as geopolitical and macroeconomic concerns. The Group launched an acceleration program to increase its offering in solutions for a low-carbon economy and expand within robotics, battery, professional solutions and smart watering.

"We are capturing opportunities in a world that is electrifying at a rapid pace and where the use of autonomous, connected, and smart products and solutions are increasing rapidly. We are constantly re-inventing ourselves, identifying and capturing market opportunities to further future-proof our company", says Pavel Hajman, acting CEO of Husqvarna Group.

Read Pavel Hajman's CEO message and about Husqvarna Group's strategic priorities and earnings in the Annual Report 2022. The Annual Report for 2022 is attached to this press release and can be downloaded at www.husqvarnagroup.com.

Husqvarna Group

Husqvarna Group was founded in 1689 and is today a world-leading manufacturer of innovative products and solutions for forest, park and garden management. The range includes robotic lawnmowers, chainsaws, trimmers, riding lawnmowers and garden irrigation. Husqvarna Group is also a leader in equipment and diamond tools for the construction and stone industries. The Group's products and solutions are mainly sold under the global Husqvarna and Gardena brands via direct sales, dealers and retailers to consumers and professional users in more than 100 countries. Sales in 2022 amounted to SEK 54 billion and the Group has approximately 14,400 employees in 40 countries.
